

SYNOT

PRODUCT PORTFOLIO

SYNOT GROUP

SYNOT Group is an international respected structure of companies operating in more than 40 countries worldwide. It was founded in 1991 and employs approximately 3 500 people. SYNOT's core business is gaming - from cutting-edge gaming equipment, through a wide range of online and casino games with stunning visuals and superior technological attributes, to leading iGaming software solutions. The individual companies of SYNOT Group are also active in a wide spectrum of other business activities - premium BMW cars sales and services, investments in tourism and media, real estate administration, modern security services, support of startup, sport and non-profit sector.

SYNOT Group leverages the internationally acquired know-how, not only in the area of technology and business, but also in the area of legislation, finance and marketing. It operates in the Czech Republic, Greece, Spain, Slovakia, North Macedonia, Serbia, Latvia and many other countries of Europe, Africa, Asia, Central America, South America, and expansions are planned to other countries in the future.

The products with SYNOT brand, bringing the ultimate gaming experience, are known to operators and players for its high quality, perfect design and cutting-edge technology. The comprehensive portfolio for both online and land-based operations is also adapted to the specific technical and legislative requirements of many jurisdictions around the world. Nowadays, the company's product line includes a wide range of video lottery terminals, slot machines, self-service betting terminals, jackpot systems, software solutions, games, casino management system and other gaming equipment accessories.

SYNOT's technical innovation and brand new products are showcased every year at the most prestigious international exhibitions of the gaming industry – ICE London, Feria Internacional del Juego Madrid, Entertainment Arena Expo Romania, Belgrade Future Gaming, SiGMA Malta and many others.

Capitalizing on partnerships with prominent leading global suppliers as well as on the strategy of technology market innovator, which continuously steers the company towards seeking new solutions, the company's goals are pushed to higher and more ambitious horizons every year.
